

Vacancy: **Finance Manager**

Location: **Artea, Bilbao**

Our History

Headquartered in London, **CycleØ** was founded in 2022 to take immediate action to slow the pace of global warming by capturing methane emissions from the agrifood, industrial and municipal sectors.

As an integrated biomethane supplier, we build, own, and operate small-scale distributed biomethane plants in Europe and beyond. Biomethane is a direct, renewable substitute to fossil natural gas and is utilised to decarbonise the transport and maritime sectors and the gas grid. Through our subsidiaries, FNX and Biogasclean, we employ proprietary, market-leading technology for biogas upgrading, liquefaction, methanation, and desulphurisation.
